A Guide to Services in Benson, Bisbee, Douglas, Sierra Vista/Fort Huachuca, Tombstone, Willcox, eastern Santa Cruz, and the surrounding communities
Introduction

We would like to introduce Connecting Our Communities, the Cochise and eastern Santa Cruz County Resource Guide. This guide contains information on a variety of services and programs offered by agencies in Cochise and eastern Santa Cruz to assist and serve our growing populations. In addition, sections have been added to the guide that are meant to assist those providing services and outreach within these communities.

Connecting Our Communities begins with emergency and hotline information, followed by the Table of Contents and the first two sections containing government and non-government agencies providing services countywide. Section III through IX contain community resources and Sections X through XVI is intended to assist agencies and their staff.

An electronic version of the Resource Guide in a PDF format can be found on the Legacy Foundation of Southeast Arizona website. Please use this link to access the website https://www.lfsaz.org/

The development of this guide would not have been possible without the partnerships of and collaboration with many government and community agencies. Thank you to all who have contributed and assisted in keeping information current. This is a living document, so please continue to provide current information on your agency and on resources and information that have not yet been included. To update or add your agency information to the Resource Guide, please contact Susan Richards at susan.richards@lfsaz.org

Be sure not to miss out on current events, trainings, vital information and resources shared through the Cochise and eastern Santa Cruz County Listserv. To be added to the Listserv, please send an email with your request to: susan.richards@lfsaz.org

Examples of community-based services include: congregate and home delivered meals, caregiver support, case management, housekeeping, personal care and help with benefit questions. Many of these services are provided on a donation basis and are delivered at the local level.

Located in all 15 Arizona counties, we provide a variety of programs and services to meet the needs of more than 40,000 children, youth and families each year.

Services:

- **Living Skills Training (LST):** LST serves current young adults in foster care who are in the custody of the State or Tribal welfare agency. AzCA receives referrals directly from Tribal Social Workers or Department of Child Safety Case Specialists for young adults who are 16 years of age and can receive services up to their 21st birthday. Living Skills Training prepares current and former foster care recipients for adult living by teaching interpersonal and daily living skills.
  For more information, please contact 480.247.1413 or YAS@arizonaschildren.org

- **Thrive Mentor Program:** Thrive is a one-on-one volunteer mentoring program that supports young adults aging out of foster care. Our Mentors are matched with our youth based on interest and location. For information, contact 1-844-747-1533 or Mentor@arizonaschildren.org

These young adults are no longer involved with the Arizona Department of Child Safety (DCS) and must self-refer. The purpose of the Transitional Independent Living Program (TILP) is to provide appropriate support and services to assist former foster care recipients in developing and maintaining stable living situations.
  If you are a young adult who wants to learn more about participating in TILP, please contact 480.247.1413 or YAS@arizonaschildren.org

- **Family Education & Support Services**: Provides parents and caregivers with training and tools to promote optimal child development, positive parenting skills, and the opportunity to build a network of parenting support. For questions, contact FamilyEducation@arizonaschildren.org.

- **Family Preservation & Reunification**: We assist families in crisis, by applying intensive intervention strategies to promote safety, health and overall well-being in order to strengthen families and reduce trauma and out-of-home removals. When out-of-home removals cannot be avoided, these programs assist in working toward family reunification by developing realistic long-term solutions. Families must be referred by the Department of Child Safety (DCS).

- **Foster Care & Adoption**: We recruit, train and provide necessary supports for foster care families who can open their hearts and homes to vulnerable children while their biological families are on the mend. We also collaborate with adoption placing agencies to provide a variety of adoption related services for those seeking to adopt internationally, privately and from the foster care system.
