

ULI Arizona Technical Assistance Panel

COCHISE COUNTY OPEN SPACE PROTECTION

Monday, June 8
1:00 pm - 4:00 pm

Fry Fire Station
4817 Apache Avenue
Sierra Vista, AZ

The Urban Land Institute (ULI) Arizona District Council is working with Cochise County to address the topic of open space protection through the ULI Arizona Technical Assistance Panel Program (AzTAP), which provides strategic advice to local jurisdictions on complex land use and real estate development issues.

Rural open spaces are impacted by changing development circumstances and economic conditions. County jurisdictions draw on a variety of tools, resources, and practices to ensure ongoing protection of key pieces of the regional open space system. This AzTAP will discuss the different types and purposes of open spaces in rural areas, challenges that Arizona counties are experiencing, and the various strategies available for continuing open space use, protection, and conservation.

Arizona county officials, planners, and other stakeholders interested in this topic are welcome to attend.

Confirmed Panelists:

George T. Cole - Moderator
Director, Fennemore Craig, PC
