*"Public Programs...Personal Service"*

## Owner Approval For Professional Registrants Self-Certification

I \_\_\_\_\_, Owner of the property located at \_\_\_\_\_

\_\_\_\_\_.

hereby approve the participation of Licensed Professional Registrant: \_\_\_\_\_

\_\_\_\_\_.

The self-certification program allows Professional Registrants to approve their own prepared plans and documents for the construction process.

The work being performed is: \_\_\_\_\_

I understand that a Building Permit is required for the above noted work.

I understand that County Plan Review Staff will not review the plans submitted for construction. Date Stamps affixed to the plans are for control purposes only and do not signify any review was performed.

I understand that the Professional Registrant is solely responsible for the plans and must conform to the adopted Cochise County Building Codes.

I understand that I still have the benefit of Board of Technical Registration regulations pertaining to complaints about licensed Professional Registrants according to State Rules.

I understand that the self-certified plans must be used for construction and that any changes in construction or to the plans must be approved by the Professional Registrant.

I understand that the Certificate of Occupancy will contain the comment that no plan review was performed.

Owners' Signature: \_\_\_\_\_ Date: \_\_\_\_\_
