There are important changes in the election process that will affect voters going to the polls this coming year.

Also, we have made significant improvements to managing the Vote by Mail (Early voting) process! Would you like to learn more about these things?

Do you know of a group or organization of any kind that would like to have a hands-on demonstration of the new voting equipment and to hear about the new Vote Centers and other changes that are being implemented for the 2016 Election cycle? If so, please contact us at 520-432-8970 and ask for Katie or Martha and we will schedule a time to meet with your group.

Check out our website for a wealth of information. We are continually updating it!
