

COCHISE COUNTY LEGACY PROJECT– IT

STAFF

David Raber, IT Director

David Raber joined Cochise County in January, 2016 as the Director of Information Technology. He also serves as the Administrator over Financial and Technological Services, which includes Finance, Procurement and IT functions.

Prior to joining Cochise County, David's 25 year career included more than 20 years of State Government experience as well as time spent working in the private sector. Most recently, David was appointed by Governor Brewer to serve as Director of the Arizona Department of Revenue on February 14, 2014. He originally joined the Department in June 2011, when he was appointed to serve as the Chief Deputy Director.

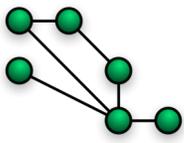

Prior to joining the Department of Revenue leadership team, David was in executive leadership at the Arizona Department of Administration for two years beginning in 2009. Formerly, David held executive management positions at the Arizona Corporation Commission. Joining the Commission Staff in 2004, he served as Deputy Director of the Securities Division, Director of the Corporations Division, and Director of a newly-created Safety Division. David served for six years (1998-2003) in various positions at the Governor's Office for Children, Youth and Families, most recently as the Deputy Director and Chief Financial Officer.

David's other positions include stints at the Arizona State Land Department and in the private sector with Del Webb Corporation in Scottsdale and Magma Copper Company in Tucson. David is an Arizona native, raised in Phoenix. He received his Bachelor of Science Degree in Accounting from Arizona State University in 1988 and is a Certified Public Accountant. In addition, David is a former member of the Arizona Board of Investment and the Information Technology Authorization Committee. While serving as Department of Revenue Director, David was the Chairman of the Arizona Debt Oversight Commission, Arizona Property Tax Oversight Commission and Arizona Economic Estimates Commission. He currently serves on the State Governing Committee for Tax Deferred Annuity and Deferred Compensation Plans.

David is married to his wife, Heidi for nearly 30 years and has two children attending Arizona State University. David and his wife are looking forward to exploring their new home turf in beautiful Cochise County.

“Life is 10% what happens to you and 90% how you react to it.”

~ Charles Swindoll

COCHISE COUNTY LEGACY PROJECT- IT

STAFF

Ricardo Aguilar
Computer Technician

Ricardo has worked for Cochise County for 8 plus years. He configures, reformats and installs computers, printers, monitors and cabling. He also troubleshoots both hardware and software problems. He loves about everything he does in the IT Department and he especially enjoys helping others.

Ricardo attended High Tech Institute where he studied networking and how to be a computer technician. He graduated in 2000.

He was a cosmetologist for 28 years, and a musician for all of his life.

“The best way to cheer yourself up is to try to cheer somebody else up.”

~ Mark Twain

Debbie Albright
Secretary II

Debbie’s duties include accounts payable, accounts receivable, department requisitions, purchase orders, shipping and receiving, payroll, department calendars/scheduling and office administration.

She has worked for Cochise County for four years and loves working with her department, helping others, keeping track of things, keeping up with Rosa... and being a team cheerleader.

“Keep your eyes on the stars, and your feet on the ground.”

~ Theodore Roosevelt

Rhonda Boone
System Administrator/
Telecommunications

Rhonda started as a Telcom Technician in 2002, and was promoted to Systems Administrator in 2010. Her main focus is the Voice Over IP phone systems.

Prior to employment at Cochise County, Rhonda served 8 years in the United States Air Force

Jinrim Dizon
Information
Technician

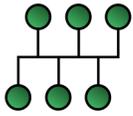

Jinrim started working for Cochise County on June 20, 2011 and says it is an honor to serve our community.

Academically, she enjoys topics such as mathematics, problem solving and working on computers hardware/software. She has a Bachelor of Science degree in Computer Engineering. She has earned units towards a Master degree in Management.

She is also a certified System Administrator on Spillman System and trains users at the Sheriff’s Office and other local agencies. She is assigned to the Sheriff’s Office as an IT Technician.

She enjoys working for Cochise County because of the leaders that motivate employees to be more effective and to develop personal and professional endeavors. It is priceless to see customer satisfaction by providing solutions on simple or critical problems. In the past, she has assisted with projects such as: IRIS scan in Bisbee Jail, added ARS codes on Spillman, Spillman Newsletters and other Spillman User Guidelines.

“ If there is a computer problem, we give a computer solution with a smile.”

COCHISE COUNTY LEGACY PROJECT– IT

STAFF

Cindy Doane
Help Desk Coordinator

Cindy has worked for Cochise County for 13-1/2 years, and for IT since 2009. She considers it a privilege to have the opportunity to assist fellow county employees with their basic technology questions or problems.

Her duties include managing the Help Desk work requests, answering the Help Desk phone line and administering the county's cell phone accounts.

She is a Bisbee High School graduate and attended Cochise College in Douglas.

“Your most unhappy customers are your greatest source of learning.” ~ Bill Gates

*“You are serving your customers, not a life sentence. Learn to enjoy your work.”
~ Laurie McIntosh*

Pablo Duarte
Radio/Microwave

Pablo Duarte has worked for the County for a total of 11 years. He started with the IT department as a Telecommunications Technician then was promoted to Two-way Radio Technician and now is the Microwave-Two-way Radio Engineer.

Pablo has over 25 years experience in the Electronics/ Information Technology Field. His duties are to maintain the microwave network as well as the County's two-way radio system.

Pablo graduated from Cochise College with a degree in Electronic Technology and is a Certified Electronics Technician with a certificate in Wireless Communications. His education background also includes Motorola MCC-7500 Technician, Motorola K-core Tech and TaitNet P25 Simulcast Systems.

“The human spirit must prevail over technology.” ~ Albert Einstein

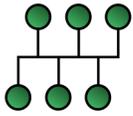

Stacey Echternach
Systems Administrator
Sheriff's Office

Stacey has worked for Cochise County for 17.5 years, and is assigned to the Sheriff's office as the System Administrator/Spillman Administrator.

She enjoys her job because there is never a dull moment. The world of technology changes continually, and we must change with it.

She grew up in Sierra Vista and prior to working for the County she spent 15 years in the Navy working in the communication/computer field.

She has earned an associates in the arts and is currently working on her bachelors in computer science.

COCHISE COUNTY LEGACY PROJECT– IT

STAFF

Rosa Lopez
Business Manager

Rosa has 12 years experience in IT with an emphasis in budgets, purchasing, computer replacement and asset management.

Her education background includes Certified Public Management, AA General Studies, Grants Management Certification and ACJIS Network Technical Terminal Operator Certification.

She loves that her job challenges her every day in different ways.

“Technology is the campfire around which we tell our stories.” ~ Laurie Anderson

Jodi McGrath
GIS

Jodi has worked in IT for ten years and at the County for almost fifteen.

She loves the moment when she’s helping a county employee with MapView or GIST or someone from the general public with online interactive maps and she can either see it in their eyes or hear it in their voice when they have that “AH-HA” moment, usually followed by some expression like “That’s SO COOL!”. She knows then that they’ve got it, they’re hooked and hopefully they’ll dive in deeper and show other folks what they’ve learned.

She credits everything she knows about GIS as a direct result of being at the right place, at the right time to meet and work with the recently retired GIS Manager, Walter Domann.

Her education credentials include Long Beach College of Business, Long Beach CA- Associates of Applied Science - Mechanical Design & Drafting; Austin Community College, Austin, TX - Commercial Art; Cochise College, Sierra Vista AZ - Computer Applications and Business Management; and Autodesk University

“Talk about a dream, try to make it real . . .” ~ Bruce Springsteen

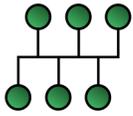

Marty Renteria
Database/Web
Specialist

Marty says that the best part of her job is striving for superior customer service. She enjoys meeting and working with a lot of different people, and the sincere appreciation, help and encouragement she receives from the people she works with.

Marty started with Cochise County in 2003 and has been with the IT Department since October 2011. She renovated the county website in 2014 using open source content management.

She has an Associate of Applied Science Degree, Computer Science

“Your smile is your logo, your personality is your business card, how you leave others feeling after an experience with you becomes your trademark.”~ Jay Danzie

COCHISE COUNTY LEGACY PROJECT– IT

STAFF

Gregg Snyder
Programmer/Analyst

Gregg has been a computer programmer for 36 years, 18 of those years have been with Cochise County IT Department.

What he likes best about his job is being able to help his users.

He has a Bachelor of the Arts degree in Geography.

Tony Stennis
Systems Administrator

Tony has been in the technology field since 1998. He came to Cochise County in 2003 after traveling the country in his previous job.

The best part of his job is problem solving and learning new technology.

Tony enjoys spending time with his family and friends camping.

Randy Streeter
Programmer/Analyst
Supervisor

Randy has been with Cochise County for 23 years. He says the best part of working in the computer field is that it changes daily.

He was educated in computer operations at Fort Gordon, Georgia and has taken advanced courses in Server, Sequel, Exchange and Security.

Stacey Wooley
Systems Administrator

Stacey is a Systems Administrator with Cochise County Information Technology. Over the last 15 years, she has supported the various departments within Cochise County with their specific technical needs. She is a certified Onbase Systems Administrator, as well as a certified Elections Officer. What she likes best about working at Cochise County is being able to interact with the employees at all levels, and the sense of family around the workplace.

Stacey is currently pursuing her degree in Cybersecurity at Cochise College and is a member of the Armed Forces Communications and Electronics Association (AFCEA). When she isn't glued to a computer screen, she spends her time learning French, gardening, and sharpening her culinary skills.
